

CAMBRIDGE HOUSEHOLD STATISTICS

Average family size

(in persons, by census tract)

The Census designates one person, often the person who has title to the housing unit, as the householder. A family includes a householder and one or more other people living in the same household who are related to the householder by birth, marriage or adoption. A household can contain only one family for purposes of census tabulation.

CITYWIDE STATISTICS:

Total families: 17,595

Average family size: 2.83 persons
